

Country Operations Business Plan

December 2020

Eleven Small Pacific Island Countries 2021–2023

This document is being disclosed to the public in accordance with ADB's Access to Information Policy.

Asian Development Bank

ABBREVIATIONS

ADB	–	Asian Development Bank
ADF	–	Asian Development Fund
COBP	–	country operations business plan
COL	–	concessional ordinary capital resources lending
COVID-19	–	coronavirus disease
OCR	–	ordinary capital resources
PIC-11	–	eleven small Pacific island countries
TA	–	technical assistance

NOTE

In this report, “\$” refers to United States dollars unless otherwise stated.

Vice-President	Ahmed M. Saeed, Operations 2
Director General	Leah Gutierrez, Pacific Department (PARD)
Deputy Director General	Emma Veve, PARD
Team leader	Paul Curry, Principal Operations Coordination Specialist, Office of the Director General (PAOD), PARD
Team members	Erik Aelbers, Senior Country Specialist, Pacific Subregional Office (SPSO), PARD
	Flordeliza Asistin, Financial Management Specialist; Portfolio, Results, and Quality Control Unit, PARD
	Cecilia Caparas, Associate Knowledge Management Officer, PAOD, PARD
	Jacqueline Connell, Senior Economics Officer, Pacific Liaison and Coordination Office (PLCO), PARD
	Janice Gabriel, Associate Programs Officer, PAOD, PARD
	Matthew Hodge, Senior Country Specialist, PLCO, PARD
	Lily Anne Homasi, Senior Economics Officer, SPSO, PARD
	Maria Melei, Senior Country Officer, Samoa Pacific Country Office, SPSO, PARD
	Tatafu Moeaki, Senior Country Officer, Tonga Pacific Country Office, SPSO, PARD
	Mary Jane de Ocampo, Associate Programs Analyst, PAOD, PARD
	Sivou Beatrice Olsson, Senior Country Coordination Officer, SPSO, PARD
	Shiu Singh, Financial Sector Specialist, PLCO, PARD
	Teatao Tira, Senior Country Officer, Kiribati Pacific Country Office, SPSO, PARD

In preparing any country program or strategy, financing any project, or by making any designation of or reference to a particular territory or geographic area in this document, the Asian Development Bank does not intend to make any judgments as to the legal or other status of any territory or area.

I. CONSISTENCY OF BUSINESS PLAN WITH COUNTRY PARTNERSHIP STRATEGY

1. The Pacific Approach, 2016–2020¹ serves as the Asian Development Bank’s (ADB’s) country partnership strategy for the eleven small Pacific island countries (PIC-11).² The priorities of the Pacific Approach, 2016–2020 will remain valid for the PIC-11 country operations business plan (COBP), 2021–2023 until the new Pacific Approach for 2021–2025 is considered in 2021. In line with the Pacific Approach, the PIC-11 COBP, 2021–2023 reflects a multi-country approach that identifies common development challenges and opportunities for operational efficiencies across the PIC-11. The COBP supports the three strategic priorities of the Pacific Approach: reducing costs, managing risks, and enabling value creation. The PIC-11 are generally small, remote, and fragile; and face many natural constraints and external shocks that make achieving sustainable and inclusive growth challenging.

2. ADB is working to improve the delivery of the assistance program through a variety of measures, including ongoing regional technical assistance (TA) to help strengthen institutional capacities for project implementation, and introduce simplified and streamlined procurement procedures while ensuring fiscal prudence, transparency, and value for money. Six of the PIC-11 are categorized as fragile and conflict-affected situations, and the assistance program includes more flexible approaches and instruments to address fragility and capacity concerns. ADB will also ensure attention to thematic priorities, including climate change and disaster resilience, the environment and ocean health, gender mainstreaming, governance, regional cooperation, and urban development, through both country-level projects and complementary regional operations.³

3. The PIC-11 COBP, 2021–2023 is aligned with Strategy 2030,⁴ and the relevant operational priorities are reflected in the indicative assistance program for 2020 and the pipeline for 2021–2023. The assistance results areas for the PIC-11 are in Appendix 1 and the list of linked documents is in Appendix 2.

II. INDICATIVE RESOURCE PARAMETERS

4. The PIC-11, which includes ADB’s group A, B, and C developing member countries,⁵ have \$527.4 million in indicative resources available for commitment to sovereign operations during 2021–2023. The resources available include \$39.1 million in regular ordinary capital resources (OCR) and \$488.3 million in concessional resources, comprising \$126.4 million in concessional OCR lending (COL) and \$361.8 million in Asian Development Fund (ADF) grants.⁶ Cofinancing

¹ ADB. 2016. *Pacific Approach, 2016–2020*. Manila.

² The Cook Islands, the Federated States of Micronesia, Kiribati, the Marshall Islands, Nauru, Palau, Samoa, Solomon Islands, Tonga, Tuvalu, and Vanuatu. Niue, whose membership of ADB became effective on 11 March 2019, is not yet included in this year’s COBP, pending confirmation of its country classification and indicative allocation.

³ Regional operations are set out in ADB. 2020. *Pacific Regional Operations Business Plan, 2021-2023*. Manila.

⁴ ADB. 2018. *Strategy 2030: Achieving a Prosperous, Inclusive, Resilient, and Sustainable Asia and the Pacific*. Manila.

⁵ Group A countries are eligible for ADF grants and COL. In 2020, the Federated States of Micronesia, Kiribati, the Marshall Islands, Nauru, Samoa, Tonga, and Tuvalu retained their high debt distress classification, and received 100% of their country allocations in grants. Solomon Islands and Vanuatu were assessed as having *moderate* debt distress, and received 50% of their country allocations in grants in accordance with the ADF grants framework. The final allocations for group A countries will depend on available resources and the outcome of the country performance assessments. The proportion of grants for the 2021–2023 resource allocations will be determined by future annual debt distress classifications in accordance with the ADF grants framework. Palau, a group B country, is eligible for COL and regular OCR lending. Palau’s final allocation will also depend on available resources and the outcome of the country performance assessments. The Cook Islands, a group C country, is eligible for regular OCR lending. ADB classified six of the 11 countries as fragile and conflict-affected situations (FCAS) countries: Federated States of Micronesia, Kiribati, Marshall Islands, Nauru, Solomon Islands, and Tuvalu.

⁶ An additional ADF grant resources of \$52.1 million was secured from the ADF 13 Thematic Pool for 2021–2022.

and funding from other sources, including ADF grants from the ADF 13 Thematic Pool for projects addressing specific challenges, will be explored to bring additional financing to the PIC-11.⁷

5. **Lending program.** The program for 2021–2023 is expected to total \$767.7 million, comprising \$115.0 million in regular OCR lending, \$198.4 million in COL, and \$454.3 million in ADF grants, as detailed in Appendix 3, Table A3.1.⁸ Policy-based lending operations for 2021–2023 will be prioritized based on quality and readiness, subject to ADB’s overall resource availability. The indicative cofinancing program for 2021–2023 is \$157.4 million.⁹

6. **Nonlending program.** The program for 2021–2023 is about \$5.5 million, summarized in Appendix 3, Table A3.1. In addition to stand-alone TA projects, ADB will process and support TA projects through ongoing and planned regional TA facilities and cluster approaches.¹⁰ The nonlending program is expected to increase further once the governments identify their priorities for the medium-term, particularly for project preparation. The lending and nonlending assistance programs for 2020 are in Appendix 4.

7. **Knowledge products.** ADB will work closely with PIC-11 governments to identify relevant knowledge products and services that address key development issues and country-specific development priorities. Knowledge products will seek to (i) deepen ADB’s understanding of the development challenges of the Pacific region, (ii) advance and expand policy dialogue, (iii) support ADB’s engagement at the country and regional levels, and (iv) facilitate learning and knowledge sharing from experience in the Pacific and other regions. The list of indicative knowledge products and events in Appendix 5 will provide all stakeholders with an understanding of the key lessons from ADB’s work in the Pacific, and effectively communicate ADB’s strategy and approach to supporting sustainable and inclusive development for the Pacific region. The knowledge products will be coordinated with ADB’s flagship regional programs in the Pacific such as the Pacific Private Sector Development Initiative, the Pacific Region Infrastructure Facility, and the Pacific Economic Management.¹¹

III. SUMMARY OF CHANGES TO LENDING AND NONLENDING PROGRAMS

8. ADB’s key adjustments to the lending and nonlending programs include the following: (i) 62 firm projects and 9 TA projects are programmed for 2021–2023 (previously, 49 projects and 15 TA projects were programmed for 2021–2023); (ii) 34 projects were added to the pipeline; (iii) 9 projects were dropped, deferred, or converted to regional projects; (iv) 12 projects will be committed in 2020; (v) 5 TA projects were added to the pipeline; (vi) 10 TA projects were either subsumed under regional TA projects or dropped; and (vii) 1 TA project will be committed in 2020.¹² The 2020–2022 program also includes 17 ADB projects supporting responses to the coronavirus disease (COVID-19) pandemic.

⁷ The proposed ADF 13 framework introduces a single thematic pool. Group A countries, and on a very selective basis, group B countries are eligible. The single thematic pool addresses thematic priorities in gender equity, climate change adaptation and disaster risk reduction, and regional cooperation and integration including regional public goods.

⁸ Excludes \$117.0 million under 2023 standby (11 projects). Each program, project, and TA project in the pipeline is listed under the year when they are expected to be committed.

⁹ Cofinancing figures in the appendix tables are indicative and subject to confirmation.

¹⁰ The regional TA program for 2021–2023 is about \$80.3 million.

¹¹ ADB. 2019. *Technical Assistance for Pacific Private Sector Development Initiative, Phase IV*. Manila; ADB. 2019. *Technical Assistance for Pacific Region Infrastructure Facility Coordination Office-Leveraging Infrastructure for Sustainable Development*. Manila; ADB. 2019. *Technical Assistance for Pacific Economic Management (Phase 3)*. Manila.

¹² Excludes regional lending and non-lending projects, and contingent disaster financing Option 2.

ASSISTANCE RESULTS AREAS

Key PIC-11 Development Outcomes that ADB Contributes to ^a	ADB		
	Key Areas of Assistance	Indicative Resources Available for Commitment in 2021–2023 ^b	Changes from Last COBP
1. Transport (Pacific Approach Priority Area: Connectivity)			
Enhanced transport connectivity and efficiency; greater resilience of transport infrastructure to climate change and disaster risks	Investments in airports, ports and maritime safety Water transport sector policies and reforms National roads and road safety Transport sector policies and reforms and sustainability of transport investments Support for disaster- and climate-resilient transport infrastructure	Amount: \$20.0 million regular OCR, \$99.4 million COL, \$122.5 million ADF grant, and \$45.0 million cofinancing Share of COBP envelope: 33%	ADB indicative resource allocation updated
2. Water and Other Urban Infrastructure and Services (Pacific Approach Priority Area: Livable urban areas)			
Improved access to water supply in urban areas Improved provision of sanitation services Improved water management and sanitation practices	Support for sustainable, disaster- and climate-resilient urban water supply and sanitation infrastructure Priority investment in water, sanitation, and hygiene services policies and reforms Capacity development of service providers and other key water sector agencies Building capacity for resilient urban planning	Amount: \$20.0 million regular OCR, \$21.0 million COL, \$65.0 million ADF grant, and \$28.9 million cofinancing Share of COBP envelope: 14%	ADB indicative resource allocation updated.
3. Public Sector Management (Pacific Approach Priority Area: Sound macroeconomic management; enabling business environment)			
A more conducive environment for business and resource mobilization to support private sector-led growth Greater resilience to external economic and financial shocks More effective and efficient use of public resources for service delivery	Support for reforms that remove key constraints to doing business and private investments Support for COVID-19 response and economic recovery Support for policy reform to strengthen public institutions, and improved capacity for project management and development partner coordination; and improved management of public assets Support for post-disaster recovery and disaster risk financing	Amount: \$65.0 million regular OCR, \$40.0 million COL, \$66.3 million ADF grant, and \$40.5 million cofinancing Share of COBP envelope: 23%	ADB indicative resource allocation updated

Key PIC-11 Development Outcomes that ADB Contributes to ^a	ADB		
	Key Areas of Assistance	Indicative Resources Available for Commitment in 2021–2023 ^b	Changes from Last COBP
Enhanced capacity to manage fiscal risks arising from hazards			
4. Energy (Pacific Approach Priority Area: Renewable energy; climate change and disaster risk management)			
Greater availability, reliability, and affordability of the energy supply	<p>Construction and rehabilitation of disaster- and climate-resilient infrastructure for renewable energy and other power generation</p> <p>Improve electricity network efficiency (transmission, distribution networks, and smart metering)</p> <p>Support for sector reforms and improvement of key operational and financial performance areas</p> <p>Support for private sector investment in the energy sector</p>	<p>Amount: \$10.0 million regular OCR, \$20.0 million COL, \$114.7 million ADF grant, and \$43 million cofinancing</p> <p>Share of COBP envelope: 19%</p>	ADB indicative resource allocation updated
5. Health (Pacific Approach Priority Area: Sound macroeconomic management)			
<p>Improved diagnostic and health services</p> <p>Improved capacity to respond to health emergencies</p>	<p>Priority investment in technology to support effective health coverage and preventive care</p> <p>Control of communicable diseases</p> <p>Support for COVID-19 response</p>	<p>Amount: \$9.0 million COL, and \$32.9 million ADF grant</p> <p>Share of COBP envelope: 6%</p>	ADB indicative resource allocation updated; ICT applications for health and response to COVID-19 added as key areas of assistance
6. Finance (Pacific Approach Priority Area: Enabling business environment)			
<p>A more conducive environment for business</p> <p>Better environment for business and finance sector development</p>	Support for small and medium-sized enterprises' access to finance	<p>Amount: \$8.0 million ADF grant</p> <p>Share of COBP envelope: 1%</p>	ADB indicative resource allocation updated
7. Information and Communication Technology (Pacific Approach Priority Area: Connectivity)			
Greater availability and affordability of ICT connectivity	Support for investment in submarine ICT cables	Amount: \$11.0 million ADF grant	ADB indicative resource allocation updated; ICT

Key PIC-11 Development Outcomes that ADB Contributes to ^a	ADB		
	Key Areas of Assistance	Indicative Resources Available for Commitment in 2021–2023 ^b	Changes from Last COBP
ICT investments for improved health and other public services	ICT applications to support health and public sector management services	Share of COBP envelope: 1%	applications in health and PSM added as assistance areas
8. Education (Pacific Approach Priority Area: Investment in people)			
Improved quality of education	Priority investment in infrastructure, technology, and capacity building to support effective primary, secondary, and technical and vocational education.	Amount: \$9.0 million COL and \$9.0 million ADF grant Share of COBP envelope: 2%	ADB indicative resource allocation updated

ADB = Asian Development Bank, ADF = Asian Development Fund, COBP = country operations business plan, COL = concessional ordinary capital resources lending, COVID-19 = coronavirus disease, ICT = information and communication technology, OCR = ordinary capital resources, PIC-11 = eleven small Pacific island countries, PSM = public sector management.

^a Share of the COBP envelope excludes 2023 standby, project readiness financing, contingent disaster financing Option 2, other special funds, and cofinancing amounts. Development outcomes include support to sectors not covered by the 2021–2023 COBP period.

^b The total project readiness financing for the COBP period amounts to \$25.0 million (\$15.0 million in transport sector, \$5.0 million in energy sector, and \$5.0 million in water and other urban infrastructure and services sector).

^a Given the provisional nature of the indicative lending program, the composition of lending instruments in the actual loan delivery may change. The lending program includes ADF grants.

^b OP1 = addressing remaining poverty and reducing inequalities; OP2 = accelerating progress in gender equality; OP3 = tackling climate change, building climate and disaster resilience, and enhancing environmental sustainability; OP4 = making cities more livable; OP6 = strengthening governance and institutional capacity; OP7 = fostering regional cooperation and integration.

^c This will be processed as a regional project covering Palau and Vanuatu. ADF grant funding will be provided by the ADF 13 Thematic Pool: SDG 5 Transformative Gender Agenda. The final grant amount will be confirmed during the Quality Assurance Meeting. Proposed cofinancing from the Japan Fund for Poverty Reduction (subject to the approval of the Government of Japan) and Ireland Trust Fund.

^d Formerly the Port Vila Integrated Urban Improvements Project. Cofinancing proposed from the Global Environmental Facility (\$2.5 million) and Ireland Trust Fund (\$0.7 million).

^e Funding from the Savings and Cancellations - Special Pool for COVID-19 Response.

^f Excludes the \$3.0 million in PRF processed in 2019. Financing includes \$9.0 million in grant funding from the ADF 13 Thematic Pool: Disaster Risk Reduction and Climate Change Adaptation.

⁹ Formerly the Port Vila Integrated Urban Improvements Project. Financing from the ADF 13 Thematic Pool will be explored.

ADB = Asian Development Bank; ADF = Asian Development Fund; CDF = contingent disaster financing; COL = concessional ordinary capital resources lending; COVID-19 = coronavirus disease; ENE = energy; GI = general intervention; HLT = health; Gov't = government; OCR = ordinary capital resources; PAEN = Energy Division, Pacific Department; PASP = Social Sectors and Public Sector Management Division, Pacific Department; PATC = Transport and Communications Division, Pacific Department; PBL = policy-based loan; PRF = project readiness facility; PSM = public sector management; SPSO = Pacific Subregional Office, Pacific Department; TRA = transport; TRTA = transaction technical assistance.

Note: Numbers may not sum precisely because of rounding.

^a Given the provisional nature of the indicative lending program, the composition of lending instruments in the actual loan delivery may change. The lending program includes ADF grants.

^b OP1 = addressing remaining poverty and reducing inequalities; OP2 = accelerating progress in gender equality; OP3 = tackling climate change, building climate and disaster resilience, and enhancing environmental sustainability; OP4 = making cities more livable; OP6 = strengthening governance and institutional capacity; OP7 = fostering regional cooperation and integration.

^c COVID-19 response funded by the Disaster Response Facility. Collaborative cofinancing from the Government of Australia (\$7.2 million), Government of New Zealand (\$4.0 million), and World Bank (\$5.5 million).

^d Funding from the Savings and Cancellations - Special Pool for COVID-19 Response (\$6.6 million) and the Disaster Response Facility (\$3.4 million).

^e Includes \$30.0 million from the concessional resources regional pool.

^f Funding from the Government of Australia.

^g Provided by Asia Pacific Disaster Response Fund

^h Provided by Asia Pacific Disaster Response Fund-Government of Japan. As of 15 November 2020, \$470,000 was approved. Funding is available for commitment until May 2022.
